MINUTES OF THE MEETING
BUSINESS AND LABOR COMMITTEE
50TH LEGISLATIVE SESSION

January 23, 1987

The meeting of the Business and Labor Committee was called to order by Chairman Les Kitselman on January 23, 1987 at 8:00 a.m. in Room 312-F of the State Capitol.

ROLL CALL: All members were present.

HOUSE BILL NO. 67 - Generally Revise Video Machine Control Act of 1985, sponsored by Rep. Robert Pavlovich, House District No. 70, Butte. Rep. Pavlovich stated that this bill was at the request of the Department of Revenue regarding video and draw poker machines. He said this bill amends some of the sections of the last legislation passed in 1985 giving the Department of Revenue more control of the video poker machines. Rep. Pavlovich explained each section of the bill and what the changes would do.

PROPONENTS

John Willems, Program Manager, Video Poker Control Bureau, Department of Revenue. Mr. Willems stated he would be available to answer any questions.

Gary Bennett, Montana Coin Machine Operators Association. Mr. Bennett stated they are in support of the bill and the amendment proposed by Rep. Pavlovich.

OPPONENTS

None

QUESTIONS

Rep. Cohen asked Mr. Willems to comment on the amendment proposed by Rep. Pavlovich regarding the section originally written that a fine would be set before the hearing, and the amendment to change that. Mr. Willems responded that the original bill was not intended to do that but Rep. Pavlovich's amendment would clarify that and they support the amendment.

Rep. Simon asked about the section that states that each applicant shall disclose to the Department of Revenue his previous experience or involvement with gambling devices and establishments point, if this meant if you would have to disclose such things as the fact that you have played poker

machines at some time, or worked in a tavern that had poker machines. Rep. Pavlovich responded that that was not intended to be that broad a statement in that respect.

Rep. Simon stated he understood that it was not intended to be that broad, but the Department sometimes takes broad interpretations and asked if Rep. Pavlovich did not have a problem with that. Rep. Pavlovich responded that he could accept the language as the Department wanted it, but would not object if Rep. Simon wanted to amend it.

Chairman Kitselman explained that the purpose of the language that the Department intended was if a person had been in Las Vegas as a card dealer, and applied for a license in Montana, then that type of activity would need to be reported.

CLOSING

Rep. Pavlovich stated that if the Committee wanted to consider amendments for the section to clarify the language regarding the applicants he would not object..

HOUSE BILL NO. 189 - Transfer Administration Video Poker Machine Law From Revenue to Commerce, sponsored by Rep. Robert Pavlovich, House District No. 70, Butte. Rep. Pavlovich stated that this bill was requested the Department of Commerce. He said the bill takes the Video Poker Machine Division out of the Department of Revenue and puts it under the Department of Commerce since the Horse Racing Board and the Lottery are in that Department and they all will be under one Division for better control.

Rep. Pavlovich commented that in the original bill there was 5% of the $1500 fee structure going to administrative purposes, and it was cut to 3%; the Department of Commerce feels that it should be left at 5% and not cut to 3% so that $75 out of $1500 would go toward administrative purposes, and he agreed with that.

PROPONENTS

Andy Poole, Department of Commerce. Mr. Poole stated he would be available to answer questions.

Gary Bennett, Montana Coin Machine Operators Association. Mr. Bennett stated that this is a win situation for them; they have been treated fairly under the Department of Revenue, and if the Department of Commerce treats them equally as well, they have no objections.

OPPONENTS

None.

QUESTIONS

Questions were asked regarding for the cost and the procedures of acquiring a bond for restaurants.

CLOSING

Rep. Pavlovich made no further comments.

EXECUTIVE ACTION - January 23, 1987 - 8:45 a.m.

ACTION ON HOUSE BILL NO. 191

Rep. Pavlovich moved that House Bill No. 191 DO PASS.

Rep. Nisbet moved the Statement of Intent.
The motion carried unanimously.

Rep. Pavlovich moved that House Bill No. 191 DO PASS WITH STATEMENT OF INTENT. The motion failed with a roll call vote of 6 to 11.

Rep. Thomas made a motion of DO NOT PASS, and made a motion to reverse the roll call vote on Rep. Pavlovich's motion. Rep. Thomas's motion carried with a vote of 11 to 6 for a DO NOT PASS recommendation, with Rep. Driscoll absent.

Discussion

The intent of the committee's vote of DO NOT PASS was that had a problem with extending the rulemaking authority to the Department of Labor. During the committee's discussion it was felt that the bond was too difficult and would cause problems for the new owners of restaurants. They also felt that it was discriminatory in that it was segregating one group in requiring them to post a bond.

ACTION ON HOUSE BILL NO. 189

Rep. Pavlovich moved DO PASS. The motion carried with Rep. Driscoll absent.

ACTION ON HOUSE BILL NO. 67

Rep. Pavlovich moved to refer House Bill No. 67 into a subcommittee. Chairman Kitselman referred House Bill No. 67 into a subcommittee composed of Rep. Simon, Rep. Pavlovich, and Rep. Jones, with Rep. Simon as chairman.

EXECUTIVE ACTION ON HJR 27: Senator Thayer moved that HJR 27 BE CONCURRED IN. Senator Meyer seconded the motion. THE MOTION PASSED UNANIMOUSLY with no further discussion.

CONSIDERATION OF HOUSE BILL 67: Representative Bob Pavlovich, House District 70, Butte, is chief sponsor of this bill that revises the law regulating video draw poker machines. Presently the law provides that the department may not deny or place a condition on a license except for reasonable cause. Reasonable cause is stated to be conviction of a violation of a local government gambling ordinance. This bill states that reasonable cause includes such conviction but is not limited to a conviction as the only event establishing reasonable cause. The bill also provides that the department may not suspend or revoke a license except for reasonable cause.

Representative Pavlovich submitted an amendment by the Department of Commerce because of relationship with House Bill 189. Poker machines are under the jurisdiction of that department.

The bill also amends the machine specifications section of the law to provide that a machine have meters recording coins and credits played and won that are contained in a "readily accessible area." The law presently states the meters must be housed in the "cash compartment." The same section is amended to provide that the machine must have a serial number or other identification number permanently affixed to the machine. The bill also clarifies that a licensee must pay for credits owed to a player as shown on a valid voucher in cash.

The bill further requires that an applicant for a machine license must disclose on the application form any prior experience the applicant has had as an owner or operator of gambling devices and premises. This includes information of prior employment with such premises and information concerning any conviction for violation of state or local gambling laws in any jurisdiction.

The bill requires a local court to report to the department when a licensee is convicted of violating a local gambling ordinance. When the department receives the report it may begin proceedings to revoke the licensee's license.

The bill also adds three new sections to the law regulating video draw poker machines. Section 6 requires a license to remove a machine from public access if the machine does not meet the specifications and other requirements of the act.

Section 7 also provides further penalties if the department determines after a hearing held under the Montana Administrative Procedure Act, that a licensee has violated any part of the act. Section 8 provides for judicial review of an agency decision concerning the grant, denial, renewal, revocation, or suspension of a license.

PROPONENTS: Gary Bennett, Montana Coin Machine Operators' Association, expressed support.

OPPONENTS: None

DISCUSSION OF HOUSE BILL 67: Senator Thayer asked for an explanation of the machine specifications and John Williams, Video Poker Bureau, explained further the paragraph above.

Chairman Kolstad said they will hold this bill until HB 189 is heard.

CONSIDERATION OF HOUSE BILL 206: Representative McCormick, House District 38, Great Falls, is chief sponsor of this bill. Representative McCormick told members of the committee a new bill had to be re-written on the poker machines because the poker machine bill says "coins" all the way through and we are asking this bill to allow a video draw poker machine to accept cash bills. He further stated that on page 3, it states the machine may have a mechanism that accepts cash in the form of bills. He said it is not compulsory, if the owners prefer not to change the machines, they don't have to.

PROPONENTS: Gary Bennett, Montana Coin Machine Operators, told members of the committee that this bill was not at the request of the Coin Machine Operators Association. He said he did poll their membership and they informed him they would be in favor of this legislation as long as it is not a mandatory requirement to change the machines. He pointed out the expense of about $650 for installation and his people have told him they do not expect any significant increase in the play. He said that this will not affect the software, only the hardware. He said the poker machine is nothing but a small computer and it is made up of hardware and software and in order to accomodate the change the way the bill was originally written would have had to go back and re-write some of the software which is not a major problem until considering some of the manufacturers of these machines are no longer in the business. He said they can get replacement parts but the people who wrote the original software are no longer available.
